Product and ordering information

**Model available in price groups 6, decorative fabric (PG 6), 8, 10, decorative fabric (PG 10), D, H, J, M and X -
For choice of fabrics and leathers please refer to our latest fabric/leather collection**

STRUCTURE:

Frame: Load-bearing parts of the frame made of solid wood and wood-based materials, surfaces lined with padded cardboard.
Seat: Spring system with permanently elastic steel sinuous springs and upper-side cover.
 Seat made of HR/cold-foam (at least RG 35), covered with a ticking (filled with high-quality filling materials which may contain an admixture of feathers), covered with cotton wadding.

Especially light upholstery is distinguished by its highly soft surface. In new condition, the covers exhibit a pronounced wave pattern purposefully based on the design and structure. The upholstery will adjust to the shape of the body and the firmness of the seat will give a little bit. Minor differences in seat firmness with add-on units are design-based and are therefore not a cause for complaint.

Back: Loose back cushions with HR/Cold foam (at least RG25) with a ticking (filled with high-quality filling material, which may contain an admixture of feathers) and covered with cotton wadding.

Chamber cushions: This model features high-quality chamber cushions. The filling material is held in chambers within the cushions to prevent it from shifting. The chambers and the filling material can stand out more or less depending on the type and thickness of the cover material.

FUNCTIONS: none

ACCESSORIES: 4 different armrests - see page 3
 Cushions (approx. 40x40 cm), cushions (approx. 50x50 cm), cushions (approx. 60x60 cm), cushions (approx. 60x40 cm) - ONLY available at a surcharge

 Head rest (ca. 72x22x12 cm), head rest large (ca. 82x22x12 cm) - ONLY available at a surcharge

Decorative fabric: The decorative fabric is only available for cushions and is not produced in repeating pattern.

Legs: different legs - see page 3

OTHER: All materials used meet the requirements of the DGM according to RAL GZ 430.
 The appearance of the stitching may vary depending on the fabric, leather and artificial leather used. The definition of quilted mats and cushions depend on the design and structure. The appearance of decorative, fell and double seams may vary depending on the fabric, leather and artificial leather used.

Suites are standardly delivered with the back covered in the chosen fabric. All material-related information can be found on the back of the individual fabrics and leathers in our fabric and leather samplers

All dimensions stated in the pricelist are approximate dimensions in cm, determined according to usual measuring method (see RAL-GZ 430) and in unused new condition. Please note that in case of very light upholstery especially the seat height and seat depth can be discerned during the course of use to the dimensions mentioned. We reserve the right to make changes in shape, colour and design within the scope of technical progress. Please always order from left to right as standing in front of the suite.
