### Product and ordering information

**Model available in price groups 6, decorative fabric (PG 6), 8, 10, decorative fabric (PG 10), D, H, J, M and X - Please refer to our current fabric/leather collection for the fabric/leather selection.**

#### **STRUCTURE:**

**Frame:** Load-bearing parts of the frame made of solid wood and wood materials, surfaces lined with padded cardboard.  
**Seat:** Spring system with permanently elastic steel sinuous springs and upper-side cover.  
Loose seat cushions made of PUR foam (at least RG 35), structured in layers harmonised in different thicknesses and hardnesses. Seat covered with ticking (filled with high-quality filling materials, which may contain an admixture of feathers). Cover made of cotton wadding.  
Especially light upholstery is distinguished by its highly soft surface. In new condition, the covers exhibit a pronounced wave pattern purposefully based on the design and structure. The upholstery will adjust to the shape of the body and the firmness of the seat will give a little bit. Minor differences in seat firmness with add-on units are design-based and are therefore not a cause for complaint.  
**Chamber cushions:** This model features high-quality chamber cushions. The filling material is held in chambers within the cushions to prevent it from shifting. The chambers and the filling material can stand out more or less depending on the type and thickness of the cover material. In order to prevent the filling material from bulging, these seat and back cushions should be plumped up, just like you do with pillows.

**Seat depths:** Seat depth 1 (ST1) = 64 cm or Seat depth 2 (ST2) = 84 cm - **Please mention seat depth with your order! A mix of different seat depths is possible. A mix of seat depths for corner combinations is only possible with the "combination corner" (NOT with the angular corner)**

Please note that the appearance of the stitching may vary depending on the leather used

**Back:** Loose back cushions with ticking (filled with high-quality filling materials, which may contain an admixture of feathers).

**FUNCTIONS:** none

**ACCESSORIES:** Cushion (approx. 40x40 cm), cushion (approx. 50x50 cm), cushion (approx. 60x60 cm), cushion (approx. 60x40 cm), arm support cushion (approx. 65x65 cm) - ONLY available at a surcharge  
Flutter cushion square M (approx. 75x75cm), flutter cushion rectangular M (approx. 95x75cm), flutter cushion square L (approx. 95x95cm)-ONLY available at a surcharge  
Comfort head rest (approx. 72x35x14cm) - ONLY available at a surcharge  
Wooden tablet for armrest (approx. 40x27 cm), wooden tablet for stool (approx. 40x50 cm), wooden tablet for stool (approx. 70x70 cm) - ONLY available at a surcharge

**Decorative fabric:** The decorative fabric is only available for selected items (stools and cushions) and is not produced in repeating pattern.

**Available leg:** Glider

**OTHER:** All materials used meet the requirements of the DGM according to RAL GZ 430.  
Elements always include a grid connector and are completely covered.  
The appearance of the stitching may vary depending on the fabric, leather and synthetic leather used. The definition of quilted mats and cushions depend on the design and structure. The appearance of decorative, fell and double seams may vary in the fabric, leather and synthetic leather used.

Suites are standardly delivered with the back covered in the chosen fabric. All material-related information can be found on the back of the individual fabrics and leathers in our fabric and leather samplers

All dimensions specified in the price list are approximate dimensions in centimetres, determined according to standard measuring method (s. RAL-GZ 430) and in new and unused condition.  
Please note that in case of very light upholstery especially the seat height and seat depth can be discerned during the course of use to the dimensions mentioned.  
We reserve the right to make changes in shape, colour and design in the scope of technical progress.  
Please always order from left to right as standing in front of the suite.
